

Retrieving modpack logs from the CurseForge app

Navigate to the Minecraft section of the CurseForge app and right-click on the modpack you want to get the logs for and select `Open Folder`

Double click on the `logs` folder to open it and then right-click on a file called `latest.log` or `fml-client-latest.log` and click on `Edit` or `Open with` > `Notepad`

Right-click then click on **Select All** then right-click again and click **Copy**
